PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

The Kiyev School of Self-Propelled Weapons is located in the northwest section of Kiyev, 7.5 kilometers (km) southwest of Khrushchev Stadium and south of the Kiyev-Zhitomir road. The reported probable armored and artillery barracks and the reported probable artillery barracks are located immediately north of the Kiyev School of Self-Propelled Weapons and north of the Kiyev-Zhitomir road (Figure 1).

The Kiyev School of Self-Propelled Weapons covers approximately 110 acres and contains 2 administration buildings, 10 barracks, 3 probable officers quarters, 7 vehicle storage buildings, 1 vehicle maintenance building, 10 storage buildings, 14 support buildings, an athletic field,

a probable auditorium, a steam plant, a motor pool, and an open storage area.

The probable armored and artillery barracks covers approximately 16 acres and contains 8 multistory barracks/administration buildings and an athletic field.

The probable artillery barracks covers approximately 26 acres and contains 3 administration, 10 barracks, one probable officer's quarters and 13 support/storage buildings.

This area was covered by missions between Comparative analysis revealed the same general level of usage. No significant changes were observed.

DESCRIPTION OF INSTALLATION

Railroad Service

A rail spur passes through the School of Self-Propelled Weapons and a second spur passes between the probable artillery barracks and the probable armored and artillery barracks.

Road Service

These installations have direct road access to the internal road network of Kiyev.

Administrative and Troop Housing Areas

Area D1 contains 10 multistory barracks, 3 multistory probable officers quarters, 1 H-shaped multistory administration building, 1 modified L-shaped administration building, and 3 support buildings.

Area D2 contains 8 multistory barracks/administration buildings, one of which is separ-

ately secured.

Area D3 contains 10 multistory barracks, 3 administration buildings, 1 multistory probable officers quarters, and 13 storage/support buildings. Track activity throughout the area indicates probable occupancy of all buildings in all 3 installations. The level of track activity has remained about the same.

Other Buildings and Facilities

Area H contains 2 large support buildings, 1 small support building, a probable auditorium, and a steam plant with associated stack.

Equipment Storage/Maintenance Areas

Area J1 contains 7 vehicle storage buildings, five 230 by 40 feet, one 190 by 15 feet,

one 150 by 15 feet; one 90- by 75-foot vehicle maintenance building; 7 storage, and 3 support buildings.

Area J2 is a 500- by 555-foot secured motor pool containing 3 storage and 5 support buildings.

Athletic Fields

Area K1 is an athletic field in use.

Area K2 is an athletic field located immediately east of the probable artillery barracks. Heavy track activity indicates constant usage.
